2018 marks 30 years since our graduation from HKU Dentistry, and this year we are proud to hold a one-day scientific program to mark this milestone. The theme for this symposium is ‘Viva 1988! 30 Years of Excellence!’, with an overarching aim to celebrate our class star studded academic successes. Most importantly, it is an essential way to show our gratitude to the dental profession which we shall continue to contribute after all these years. We are pleased to present 10 speakers all from our class to share us with a taster of their accomplishments, and to share their knowledge and expertise on specific subjects.

We are most delighted to co-organize this symposium in collaboration with Hong Kong Dental Association (HKDA). Sponsorship is sought to support expenses of the event. Class 88 Reunion is pleased to donate remaining amount, if any, to support HKDA’s carrying out of volunteer service in 2019. We would like to also express our appreciation to those participants who donate their deposit fee to support HKDA’s volunteering initiatives to make this symposium more meaningful.

You are cordially invited to take part in this symposium this year, and the organizing committee extends a warm welcome and hope to see familiar faces at this milestone event. Please register by filling out the registration form attached.

Hope to hear from you soon!

Organizing Committee of Class 88 Reunion
